

Mohd Kamleen

Full Stack Engineer

As a highly skilled Full Stack Engineer with expertise in Mern Stack, and asp with C#, I have a proven track record of successfully delivering complex projects. With strong problem-solving skills and a passion for innovation, I excel at creating efficient and user-friendly applications. My experience in both front-end and back-end development allows me to seamlessly integrate the two for optimal performance. Ready to bring my technical proficiency and dedication to your team.
